

Product Information

ColdSAFE MINUS
is an innovative
Packaging System with the
following features:

Purpose of Application	Transport of any kind of frozen Products
Range of Temperature	-25°C to -18°C (-13°F to +0°F)
Duration of Cold chain¹	48 hours
Net Volume¹	2 oder 10 liter
Product Benefits	unbroken cold chain dry-ice free passive cooling least transport volume vaccum-flatpack-principle reduces volume for storing close monitoring non-toxic system components can be recycled to 100% multiple use possible

Internal Temperature of the transported product throughout the transit

Measured in the middle of the product.

This is the only method for reliable data on the product's temperature.

COLDSAFE MINUS	Dispatch weight (tare)²	Weight of Flatpack³	Dimensions of Flatpack	Outside Dimension ColdSAFE⁴	Usable Volume⁵
48 h 2l	10,5 kg	3,9 kg	51 x 71x 10 cm	35,00 cm	13,50 cm
48 h 10l	15,0 kg	4,8 kg	85 x 61x 10 cm	39,00 cm	23,70 cm
